THE NEWS.

The steamer Metropolis, wrecked off the coast of North Carolina on Thursday, had 260 passen-Sovereign, in a little ship fled from Eagers on board, 150 of whom were drowned. Full particulars of the calamity are telegraphed. The meeting of the friends of silver remone tization in New York last night was very large. The resolutions adopted will be found in our www.columus.

Fires-At Boston, Massachusetts : loss, \$30. . Philadelphis, Pennsylvania; loss, \$300,-Mendacano, California; loss, \$1,800. Gold closed in New York yesterday at 192.

The total colling of he various United mates Mints for January was \$4,756,116. A terrific storm is raging along the Atlantic coast, and great destruction of property and

ioss of life is reported. There is no news of the armistice vet. The Enssians are reported within twenty-four hours'

march of Constantinople. The Greek Premier has made a statem which is believed to be tantamount to a declaration of war. An army of 12,000 men has been ordered to cross the border. 'Ten battalions of soldiers have arrived in

Constantinople from Batoum. The Russians seem to be in full not doumelia with the exception of Constantinople and Gallipoli.

Italy is propared to make an alliance any power to oppose Russian supremacy. The sufferings of the Turkish refugees in Roumelia are beyond description.

The Russians in Roumelia have captured a convoy of between 10,000 and 15,000 wagons and 50,000 armed fugitives. The latter were disarined and will be sent to Asia.

The members of the London Stock Exchange on Thursday publicly burned copies of the Times and News and other pro-Russian publications, and then signed an address declaring con fidence in the Government. George Cruikshank, the well-known English

draughtsman and caricaturist, is dead.

SAVINGS BANKS are failing almost daily in th Eastern States. The people should be protected against these thieving institutions in some nanner.

THERE were built on this coast last year four steamers, one bark, one barkentine and sixteen schooners, aggregating 3,531 tons and costing \$400.000.

Kasson, our Minister at Vienna, occupies the palace in which lately resided the Count and has been a triumphal march. Some Countess Nako. It is one of the finest buildings gracious angel smiled above his cradle : in Vienna.

EDISON, the experimenter, says he has per fected a device for running sewing-machines proached, and finally fame and fortune with electricity, applied to a common musical smiled upon him, and so lighted his path tuning-fork.

THE charges preferred by Myers, the su pended Consul-General at Shanghai, against George F. Seward, present Minister to China, will be investigated.

GENERAL GRANT, our dispatches inform us very frankly indorses the Southern policy of President Hayes. Ho intimates that the course pursued by the President was the only one that could have been safely adopted.

A NUMBER OF merchants of St. Louis proposto hold a meeting in a few days to begin the resumption of specie payments by giving gold silver and currency in equal proportions in making change to purchasers of goods up to various specified amounts.

THE House Committee on Education and Labor, after a general interchange of opinions o the subject, have unanimously agreed that it i advisable that Chinese immigration to the United States should be restricted. This i significant progress in the right direction.

the Source of National Disraell's Dream. Economy

Wealth. We wonder if Lord Beaconsfield is not The San Francisco Journal of Con thinking a good deal about his India merce of last Thursday has a first-rate ardream, now-a-days? Our readers will reticle, with a moral, on the commerce of member that some months ago we pub-Great Britain. It shows that one great lished that dream. It came to vex the secret of England's trade lies in her abilisleen of Disraeli a long tune ago. Bricily. ty to make the world her debtor. It shows that in six years, from 1867 to 1873, England; that Russia, in her irresistible England loaned to Russia, Egypt, Peru, strength, moved down upon Turkey; that Hungary, Brazil, Chile and Turkey, \$991,-Great Britain at last became involved in

000,000. Those loans were not in money, the war; that, as months went by, one nabut in bonds, and they were sold at heavy tion after another of Europe allied itself discount, and with the money they bough with Russia, until the strength of England railroad iron and rolling stock, and ships was exhausted ; her fleets were driven from and innumorable manufactured articles the sea, and her armies overwhelmed on were purchased. And, with the trade thus land, until, at length, Disraeli, with his commenced, other sales were made and

trade was established. For a century England, and, after months of voyaging, gland has thus been lovying tribute upon landed at last in India. Here Victoria was the world, until now her ships are on every hailed as Empress ; an army was organized : ses, and her wares are purchased in every Englishmen the world around flocked part of the earth. From her wealth a to the new standard : the defensive was double return has been reaped. She has thrown off after awhile and the offensive discounted the paper of the world, and taken; the army advanced from victory made a splendid brokerage. Then she to victory, from conquest to conquest, until at length all the lost ground was has paid in her wares instead of her coin, and realized a second profit. The jour restored, and the seat of English power nal referred to points out that the United was established on the sacred Gauges and, as if from a second birth, the English nation, should soon, with its yield of nation started on a new career of power, cotton, wheat and the precious metals, more splendid than it had ever known become a creditor among the nations, and before. We wonder if Lord Beaconsfield begin to draw to it the trade which Enhas not thought of this often, as the wires gland and France have monopolized so have flashed him daily, of late, the news long. There is no reason why this dream of the progress of Russia's conquests ? It should not be speed ly realized, except

Lord Bea onsfield could not be influenced that ours is the most extravagant nation by a dream. Napoleon was a fatalist under the sun. The amount paid for usefrom first to last. As he was setting less foreign luxuries by our people, if his army in array on that last saved for five years, would turn the scale morning at Waterloo, there came a in our favor, making it unnecessary for of thunder from a Summer any legitimate American enterprise to cloud. He turned his eyes that way, and ever seek for help in money from abroad, muttored to himsolf, "We are in accord." and would gather such a fund of wealth As the rising sun had smiled upon him at in the country that our people would, Austerlitz, as he had been conqueror so like the rich men of England, be long, he could not see that the end was at always ready to extend credit either in money or in wares to less hand, and heard no warning in the reverberations from the cloud. Of old the flights | fortunate countries. The real reason of birds were omens of good or evil to why England and France are in a condichieftains as they marshaled their armies. | tion to disburse money or goods to a needy world, is because the people of those coun-Fatalism may be said to be an infirmity of great minds. Why should it not cling to trics have for conturies been frugal in England's Promier? If is life has been a their private lives. Out of their limited opportunities they saved and saved until long romance. He started at the ladder's lowest round; he belonged to an alien they were able to set their little fortunes

aco; his cradle was rocked amid the to work, and, like rolling snow-balls, those little commencements have swelled into haughtiest and most exclusive people on earth; and yet he lifted up his eyes to the mountains of treasure. What, then, ought our people to do with their unlimited ferhights on which immortals walk, and tile fields and their mines of measureless commenced the ascent. What he dreamed wealth! Aud what applies in a grand would be at best a painful pilgrimage, sense to a nation, in a little way bounds the lives of individuals, and our whole people will as a mass be richer than any other when they fully realize that a ponny as he advanced, learning came to attend

PACIFIC COAST BREVITIES.

THE Bedie Standard desires all the papers to warn poor people not to flock to Bodie. It sava Although there is a considerable amount of lumber arriving daily, it is taken immediately at a high price and in small lots by men any tion-Etc. ious to build cabins and other small buildings for individual use. This prevents parties who wish to build boarding houses obtaining a suf-ficient quantity of lumber for their purpose, even by paying a high price; so that, until the roads are thoroughly opened again and lumber comes in in greater quantities, vory litt's more accommodations for new arrivals will be made. Althouth Bodie's prospects are brightening reports as follows :

Although Bodie's prospects are brightening every day, the natural result of overcrowding the town, especially during this inhospitable weather, will be discouragement on the part of some whose complaints will do the place ar indeserved injury. Fous years ago, says the Sacramento Bee

the Fish Commissioners brought from the East a lot of young cels, which were planted in the fresh water slough known as the Riverside Lake, near this city, and back of the well known Riverside House. Since that time none known Riverside House. Since that time none of the eels have been caught, and it was feared that they had died out, but this diea is now done away with, for J. P. Melchoir, proprietor of the Riverside House, brought to this office a fine large fresh water eel, measuring 393; inches in longth and weighing five pounds, which he had caught by the tail in a net, set out in the lake above mentioned. This is, we bolieve, the first one seen in the State since hey were planted. saved.

een firemen are known to be dead. aved are destitute of clothing. JASE BALDWIN has forwarded to the Rend "Nine o'clock --Travelers along the beach are pleking up the living and the dead. The latter constitute about one-third of all recovered. NOBFOLK, February 1. - The steamer Metropo-lis had heavy weather from the time she left the capes of Delaware. On Wednesday night she commenced making water fast and labored heavily. The Capitalin kept away for the capes of Virginis, intending to make Hampton Roads. The weather boing thick and stormy, he fell to leeward, and on Thursday morning was com-pelled to beach the versel, the loak having put out the fres. Whon the vessel struck a panic ensued, creating consternation of the wildest character. All order and discipline was at an end. Many were drowned by the sea washing Journal a 200-sack rock of fine salt, and ro quests that the Journal may be sent to him for States, which has always been a borrowing | 800 years. "He also tells us," says the Journal, "that we might send Mighels, of the Appeal, 15 or 20 pounds out of the sack, and request is or 20 pounds out of the sack, and request him to forward the *Appeal* for 200 years. Bald-win also informs us that there is to be a grand ball at Stillwater on February 22, in aid of those orphans who bought Alta at 28, and he winds up thusly: 'You are respectfully in-vited to attend.' We shall shoot him on sight." Baldwin always was reckless with his means.

DENNIS, of the Tuscarora Times-Review, says the original name of Poverty Gulch, in Eureka, was Turk Aley. As usual, John is mistaken When he and Sleepy Mike made it a place of de-posit for such sacks of barley and vegetables as Mike was able to purloin from toanusters, the rendezvous was called "Hell's Delight."

them overboard. The signal operators were up all night gathering information. The vessel is completely broken up, no piece of the wreek being visible except what strews the beach. The steamer Cygnet, with the survivors, is expected here at 4 o'clock. WASHINGTON, February 1.—The Signal Ser-vice station at the wreek of the Metropolls ro-ports that the Metropolls, Gaptain J. H. Ankers, left Philadelphia at 9 A. M. on the 29th of Janu-ary. She discharged her pilot at 11 r. M. at the breakwater. At 8 r. M. on the 39th the vessel started a heavy leak in her rudder-case. On inding she could not gain on the leak with the pumps it was concluded to lighten the steamer by throwing over the coal and hurrying away A RUNAWAY TEAM collided with a locomotive in Euroka on Tuesday and got a great deal the worst of it. One horse was killed outright, the other dreadfully injured, and the wagon, a valuable one, smashed to smithereens.

CHARLES ROBINSON, & hunter, well known in Stockton, Galifornia, has been missing for several days and it is feared he has been drowned in the Se Joaquin, as his boat has been found apsized in the river.

by throwing over the coal and hurrying away for Hampton Roads. At midnight the circula-ting pump gave out. At 3 A. M. a heavy sea boarded the vessel, carrying away the smokestack and letting in a large quantity of wate below. The ship was completely unmanage able. On Friday nothing could be done for th THE Sacramento Bec says : To the north of the city there is one vast sheet of water, and a to save what lives could be saved. At 6 o'clo she made the beach. At that time the fir view from an elevated position would incline one to think he was on an island at the present

NIGHT DEFORE LAST Kearney addressed the workingmen in Sacramento, and " Led Astray " was played there the same night in the theater A very great sameness in amusements we should ay.

buck made his appearance on the beach, wav-ing his hat and promising assistance. At 12:33 the Life Saving Service made their appearance, but came poorly provided to save life. All the assistance they could render was to get them when the curst of they dame schere. Und then Ar a meeting held in Elko on Wednesday night to devise means to improve the roads leading from that point northward, \$1,770 were subscribed to be expended on the said roads. A COMPLETE blacksmith shop, miners' tools,

windlass, 200 feet of rope, etc., two wagon loads in all, wore stolen from an Eureka mine recently while the owner was absent in California OLD MAN Frank Ingram committed suicide in Verdi on Thursday by cutting his throat with a a great sufferer from

choumatism for a long time.

THE Times-Review save that some one cut the wires between Tuscarora and Elko, and so sent he bogus dispatch about the strike in Navajo. THE cities of California are being supplied

with poultry from the Eastern States. What a ntary on California farming.

THE Journal chronicles the arrival in Reno of eight thoroughbred mares from Kentucky, imorted by L. B. Martin

HALF A DOZEN sluging mice inhabit a stable at Pyramid Lake. They sing exactly like ca-nary birds, only softer.

MOLLIE FORSHAY and Maggie Murphy have been edifying the people of Tuscarora by a fight in a hurdy house.

THE Bodie Standard reports the sale of the Concordian mine for \$5,000.

C. A. STETEFELDT, the expert and furnace man, is in Tuscarora.
